Meet the deadlines
CVR

The Office of Assessment, Accountability & Analytics (AAA) will open CVR for an additional year as we continue to work toward transition processes in EdLink.

- The LDOE had initially anticipated phasing out the Curriculum Verification and Results (CVR) Reporting Portal roster this school year (2022-2023) and transitioning to a new roster verification system in EdLink.
- However, due to lack of time to adequately build and test this new system, the existing CVR portal will be utilized for one more year. The CVR system and process will remain unchanged for the 2022-2023 school year.
- A full transition to a new roster verification system in EdLink is planned for next school year (2023-2024).
- The Curriculum Verification and Results (CVR) Reporting Portal roster verification ensures that teachers are assigned to the correct courses and classroom rosters of students for the purposes of value-added (VAM) analysis. The data in CVR will be used to calculate a teacher's VAM score even if the teacher and/or the principal do not verify the roster. Teachers instructing ELA, Math, Social Studies (grades 4-8), and Algebra I, Geometry, English I and English II courses (all grades) should verify their rosters, as they are eligible to receive VAM scores.
  - The general rules for CVR have not changed.
  - VAM scores contribute to 35% of a teacher's overall evaluation.
  - For more information, review our March Data Coordinator Monthly Slide Deck

What do you need to prepare?
  - Ensure Student and Staff Data Managers are working together and uploading all appropriate extracts for the EOY Literacy assessment and CVR view only.

What do we expect from you?
  - Review the EdLink360 Dashboards:
    - Data Processing: Verify all extracts for the collection are loaded and there are no record rejections.
    - Data Quality: Verify all ADQs have been reviewed and cleaned up in the local system. Specifically any K ADQs must be cleared before each collection snapshot as these ADQs will keep data out of your counts.
    - Data Validation: Review your final counts and compare them to your local reports to ensure all students, staff and/or classes are counted prior to the snapshot date.

Act 520 (HB 911) - Requires administration and submission of K-3 literacy screeners for the end of year in 2022-2023.

Collection Name	Administration Window (per law)	Submission Open in EdLink	Snapshot Date
End of Year (EOY) Literacy Assessments	April 1-30, 2023	April 1, 2023	May 12, 2023 (update)

Update: Under Act 520 (HB 911), the LDOE will collect EOY literacy screener data. See below for summary information on EOY early literacy screener collections during the 2022-2023 school year:

1. Collection timelines:

Collection End Date (Snapshot or System Close)	5/5/2023	5/26/2023	5/12/2023	7/7/2023	8/11/2023	9/30/2023
EdLink 360 Extract File	CVR (View Only) 3/20-5/5	CVR (Verification) 5/8-5/26	End of Year (EOY) Literacy Assessments	Student End-Of-Year	Staff End-Of-Year	STS End-Of-Year (Legacy System)

2. Test types and extracts:
- There is no change to the extract layout when submitting the EOY Literacy Screeners
- Systems may use the same *k3_assessments.tsv* they submitted for the BOY K3 Literacy screener
- However, so as not to overwrite existing data in EdLink, the extract field *LITERACY_SCREENER_TEST_TYPE* will accept different values for the BOY, MOY, and EOY collections going forward.

The new accepted values under *LITERACY_SCREENER_TEST_TYPE* are as follows:

Screener	Accepted Values in LITERACY_SCREENER_TEST_TYPE		
	BOY	MOY	EOY
Acadience Reading (formerly Dibels Next)	A	B	C
STEEP	D	E	F
STEP	G	H	I
Dibels 8	J	K	L
Alternative Assessment (Exception Code 01 or 05)	M	N	O

- **I have pulled down the Statement of Affirmation from the EdLink360 system, where do I upload the signed document?**

Each Statement of Affirmation has its own JotForm Return Link. These links are posted on the EdLink360 Support Page. We are aware of some issues with pulling these from EdLink360. We are working with our dashboard team to resolve these issues.
